

SHUNKOVA SVETLANA

FRONT-END DEVELOPER

About me

I am a responsible and motivated developer with experience in creating SPA, JS(Typescript), Vue3, Nuxt3, React, Redux, leading-page using CSS and Sass. Now I am improving my skills in this direction and expanding them with the help of new technologies. I spend my leisure time studying books, as well as improving my English.

I will adapt to any requirements of the company.
